🧩 Objective

To work with an organization where can learn new skills and increase my abilities for the organizational goals as well as myself.

📂 Projects

Exam Portal
Designed and developed a feature-rich online exam portal using Spring Boot for the backend and Angular for the frontend. The portal provides a seamless experience for both administrators and students, offering a wide range of functionalities.

ECommerce
E-commerce REST API: Products, cart, orders, categories, reviews. Secure scalable endpoints for user interaction, authentication, and data management.

Virtual Clinic   present
Developed a state-of-the-art Virtual Clinic platform that seamlessly integrates Spring Boot for the backend and Angular for the frontend. The project aims to redefine healthcare accessibility by leveraging cutting-edge technologies, providing a patient-centric experience, and ensuring efficient healthcare delivery.

🧩 Internship & Certificate

Placement adda
I have completed training from Placement Adda, covering C, Core Java, and Spring Framework. Proficient in Postman, Swagger, Git. Executed various projects, including those mentioned earlier.

🎻 Interests

• Coding   • Playing Cricket
